

Golden Prairie Parent Link Centre is a community-planned resource focusing on Early Childhood Development for children ages 0-6 and their parents.

Parent Link Centres, funded by the Alberta Government, provide parents and their children with supports to ensure that children come to school ready to learn and ensure that parents have the supports needed to help their children develop and fulfill their potential.

TRIPLE P TIPS "Spending time with your child acknowledges their individuality and self-worth and allows opportunities for learning. And when you take time to talk with your child this not only helps them learn the art of conversation and the usefulness of words to help express themselves, it also gives you the chance to share your own ideas and information. It shows that you are interested in what your child has to say." Prof Matt Saunders
